

SYMPOSIUM

Expand the possibility of Optical Diagnosis

Gaining a complete picture of the GI Tract through New Image enhancement Technology I scan & OE

5 Sep 2016

Venue : Lakeshore Hospital, Cochin

We are pleased to invite Dr Arthur Hoffman, from Germany for Professional Medical Education.

Dr Hoffman's area of specialisation is Diagnostic & Therapeutic Procedures of Gastrointestinal Endoscopy, as well as laparoscopy, ERCP, Cholangioscopy, Balloon Enteroscopy and Inflammatory Bowel Disease (IBD).

He has rich experience in various endoscopic technologies and would facilitate clinical discussion on the subject.

Dr Roy Mukkada
Lakeshore Hospital, Cochin
